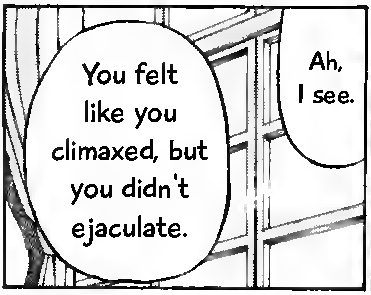
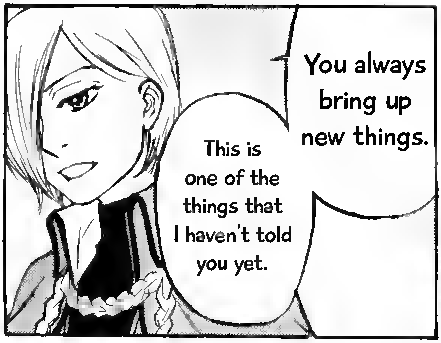
STEP-22 : PLEASE<TOUCH ME...

Huh, what?

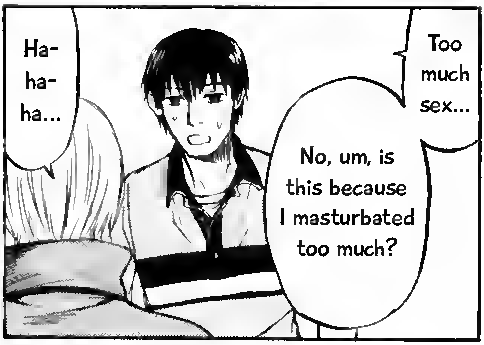
It didn't come out.



Ah, I see.
You felt like you climaxed, but you didn't ejaculate.



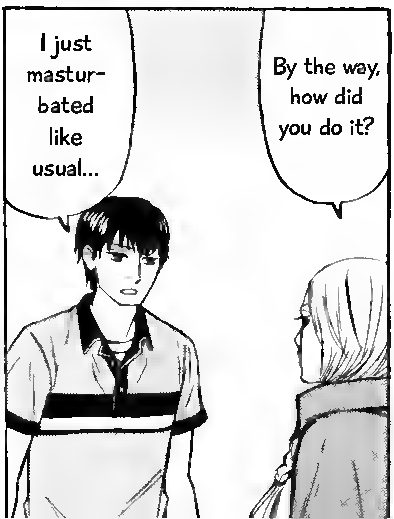
You always bring up new things.
This is one of the things that I haven't told you yet.



Too much sex...
No, um, is this because I masturbated too much?
Ha-ha-ha...

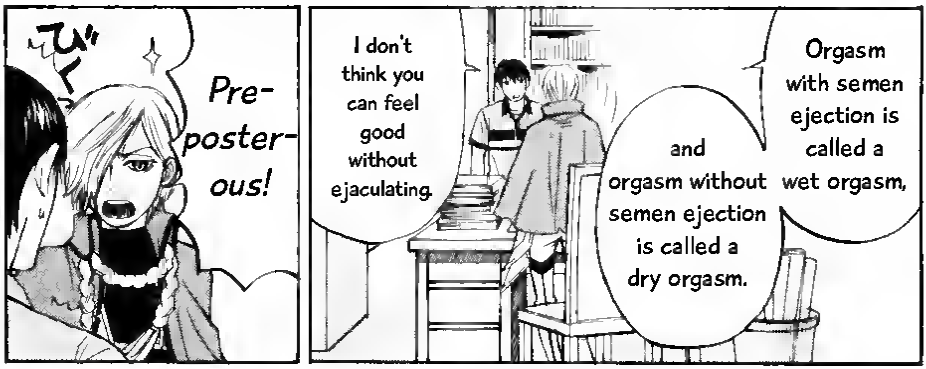
2

Kuni-kida-kun, that was probably...
But I did kind of "overused" it that day,
so I rubbed it more gently than usual and...

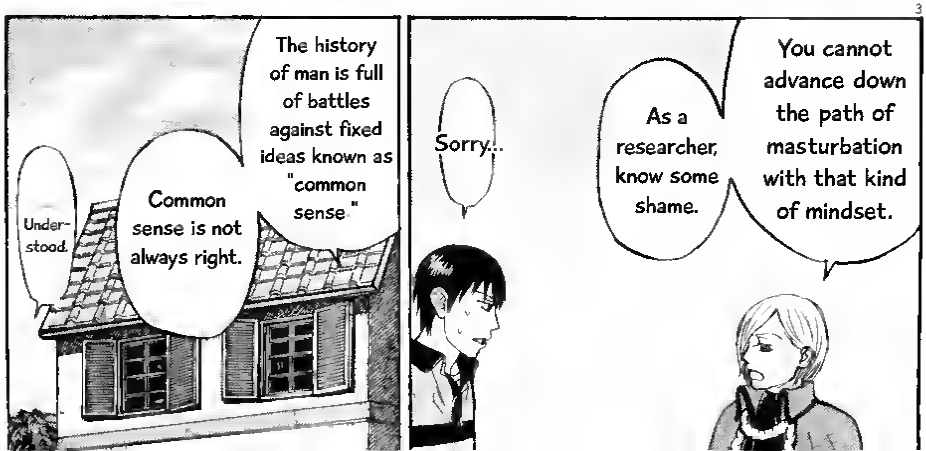


By the way, how did you do it?
I just mastur-bated like usual...

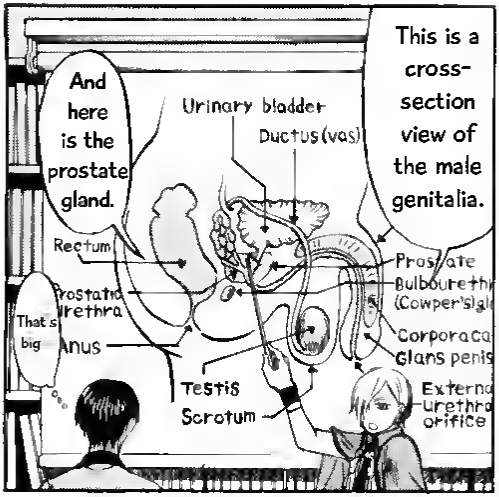
Dry what?
Dry orgasm.



びく
Pre-poster-ous!
I don't think you can feel good without ejaculating.
and orgasm without semen ejection is called a dry orgasm.
Orgasm with semen ejection is called a wet orgasm,



Under-stood.
Common sense is not always right.
The history of man is full of battles against fixed ideas known as "common sense."
Sorry...
As a researcher, know some shame.
You cannot advance down the path of masturbation with that kind of mindset.



This is a cross-section view of the male genitalia.
And here is the prostate gland.
Urinary bladder
Ductus(vas)
Rectum
Prostatic urethra
Anus

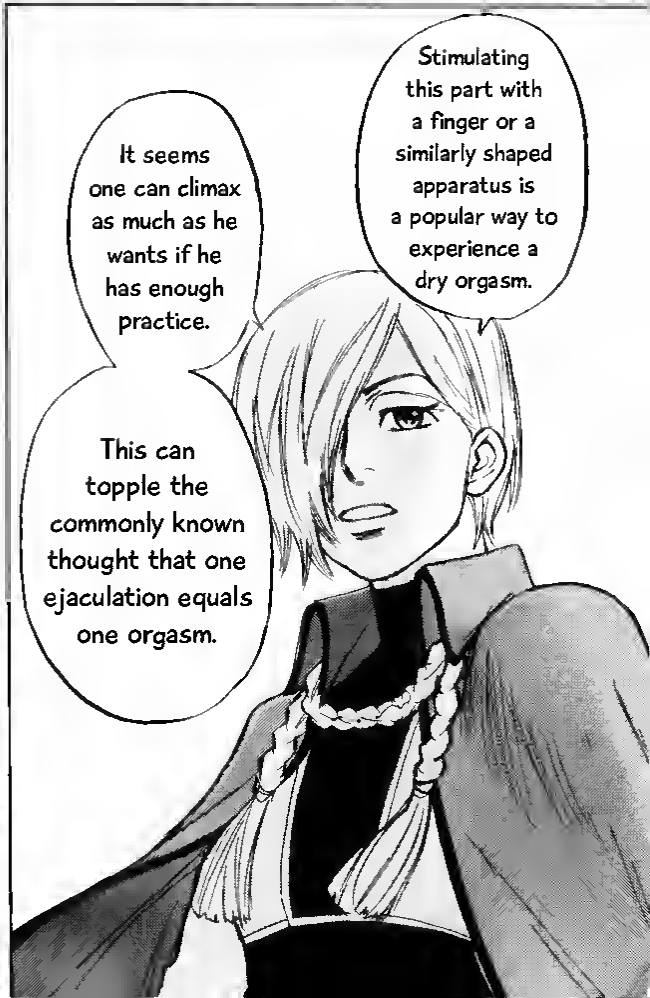
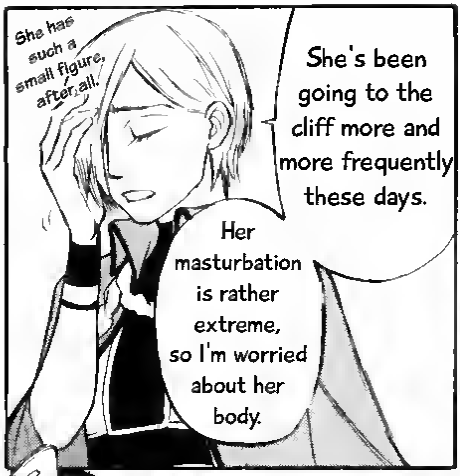
Glans penis
Externa urethra orifice
That's big

I still have a lot to learn.
Look at this.

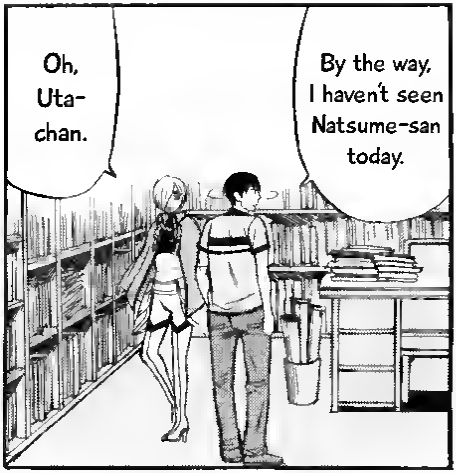
No, I am not telling you to try it, I just wanted you to know.
Uh, inserting my finger there is...
I'm not ready for that



Stimulating this part with a finger or a similarly shaped apparatus is a popular way to experience a dry orgasm.
It seems one can climax as much as he wants if he has enough practice.
This can topple the commonly known thought that one ejaculation equals one orgasm.

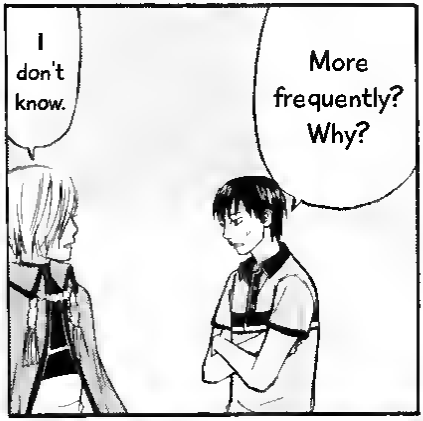


She has such a small figure, after all.
She's been going to the cliff more and more frequently these days.
Her masturbation is rather extreme, so I'm worried about her body.



Oh, Uta-chan.
By the way, I haven't seen Natsume-san today.

Ku... Kuni-kida-san...



I don't know.
More frequently? Why?

Ah, there she is.

ぴゅ

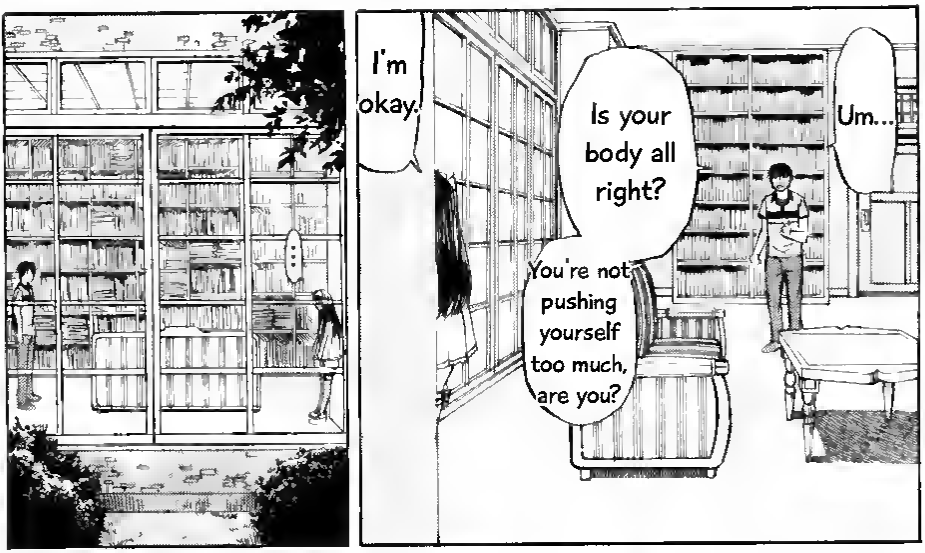
H-
Hello
...
Hi,
Natsu-
me-san.
ナナナ
I told
you not
to push
yourself
I'll go
get it.
Sensei,
can I ask
for a glass
of water?
She was
fine when I
touched her
before, but
looks like she's
regressed.
I guess
it's not that
easy curing
andropho-
bia.
Oh,
look how
thin your
wrist
is...
Ah,
I'm fine
with plain
water.
Don't
say that,
you need
to grow
taller and
bigger!
Here's
a glass
of milk.

Keep doing your best,
but don't forget to take care of your body.
Yes.
じいっ

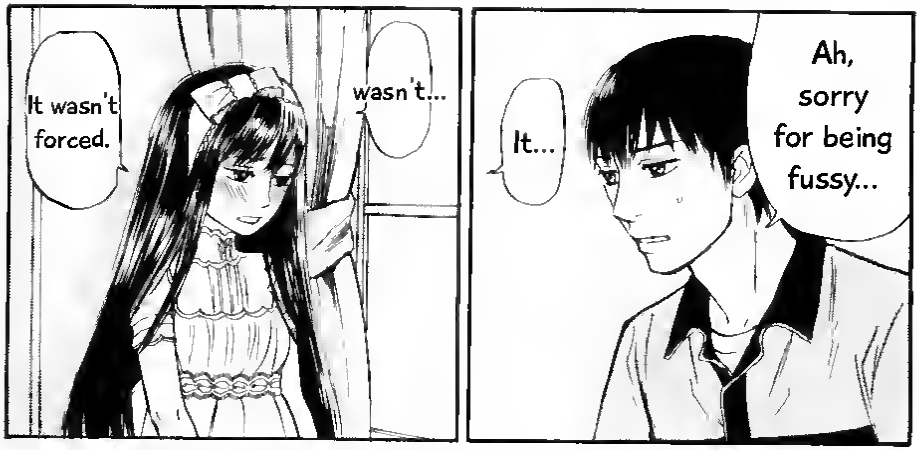
I'm not really sure,
but I think she hates me.
ぷいっ

I have business to attend to, so I'll take my leave.
Okay, take care.
It won't take long, so pleased do some self-practice while you wait.
バタン
Wow, she's actually going outside wearing those clothes.

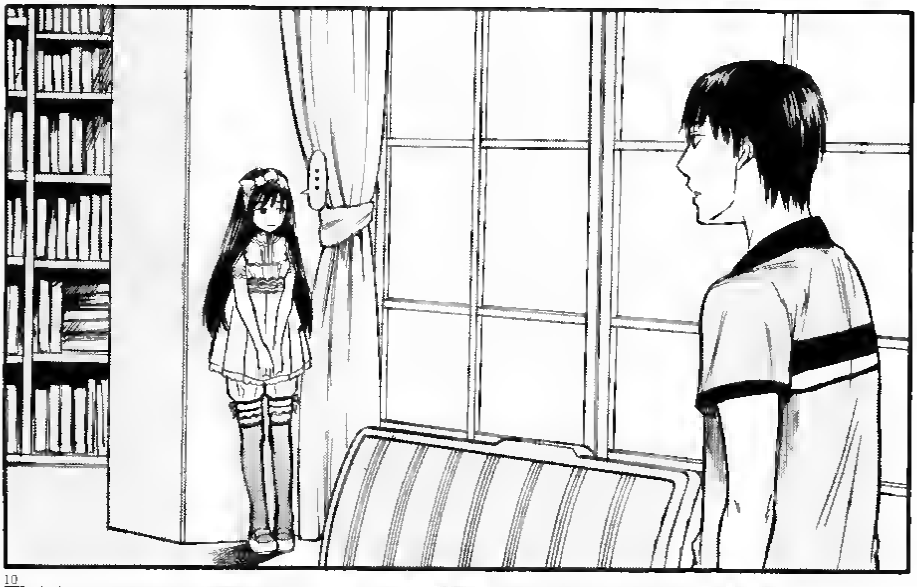


I'm okay.
Is your body all right?
You're not pushing yourself too much, are you?
Um...

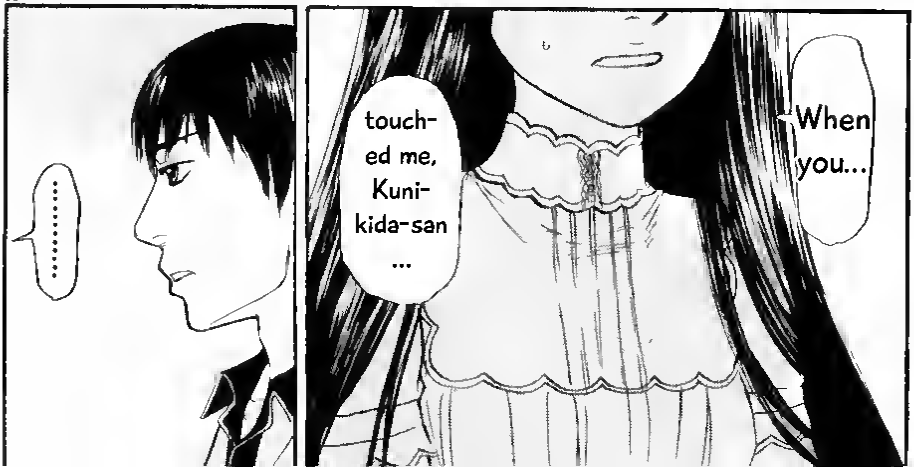
N-No.
Maybe it's because I forcibly touched you the other day?
Did something happen?
Well... Sensei is worried about you.



It wasn't forced.
wasn't...
It...
Ah, sorry for being fussy...

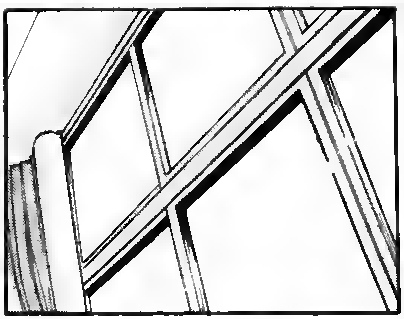


...



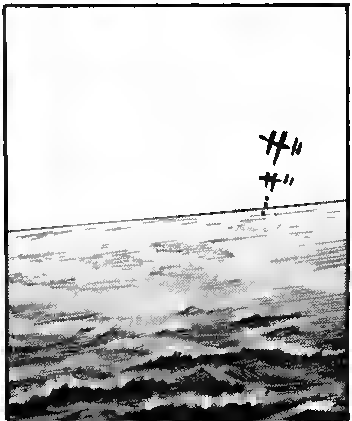
.....
touch-ed me, Kuni-kida-san ...
When you...

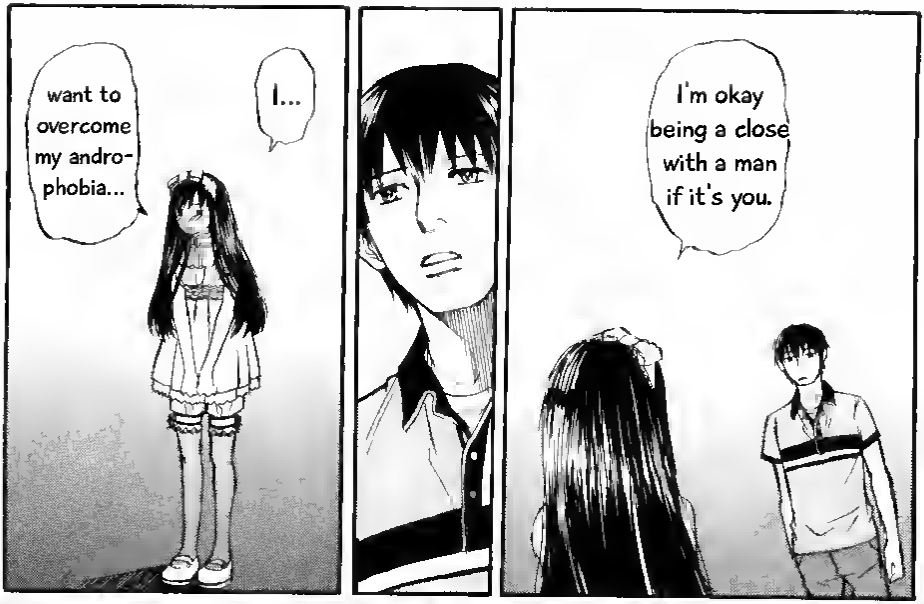
I felt...
Really happy.



Natsu-me-san...

If you...
If it's you...
I think ...





I...
want to overcome my andro-phobia...
I'm okay being a close with a man if it's you.

It's really,
really scary for me, but...

If it's okay with you, I'll help you in any way I can.
Just say it.
O-
OK, then ...
.....

All right.
Please approach me, slowly.
Slow-ly.
Please, slowly.
13
Here I go.
Please.

Are you... okay?
Yes...

She's trembling like crazy...

Kuni...
kida...
san...
I...

I want you to... touch me more...
